Resignations Accepted By American Legion

The resignations of George P. Greenhalgh, as Post Commander, and Erwin Ward, as Post Finance Officer, were accepted at the regular meeting of Perrysburg Post No. 28, American Legion. New officers to fill the vacancies were elected as follows: Harold H. Munger, Post Commander, and Eugene Amon, Post Finance Officer; and George P. Greenhalgh and Eugene Schlect members of the Executive Committee. Arrangements were made to fittingly celebrate Armistice Day November 11th. The Legion is also planning on giving a Halloween dance, date to be announced later. Membership is fast increasing and much interest is displayed at each meeting. Let all ex-service men take part and make Perrysburg Post No. 28 a winner.

For Your Lawn

For lawns that need attention in the fall and where a green sward that is attractive and healthy is desired, grass seed may be sown in early October. It is necessary for the grass to make sufficient growth to weather the winter in a rugged condition. For fertilizing lawns the use of acid phosphate at the rate of from 400 to 500 pounds per acre is particularly effective as this stimulates the growth of common bluegrass. Manure applied to lawns in the fall also helps to stimulate the grass growth and may serve as a protection through the winter.

MICKIE SAYS

EMPTYN' THE WASTEBASKET WOULDN'T HAVE TO BE DID NEAR SO OFFEN IF SOME OF THEM BOOBS THAT'S TRVIN' TO GYP THE BOSS OUTEN A LOT OF FREE ADVERTISIN' WOULD JEST CUT OUT SENDIN' HIM SO MUCH JUNK THRO' THE MAIL

Paint This Fall—

WE recommend Fall painting because our experience in the paint business has taught us that Fall is the best time to paint. We know you will get best results, and if you will come in and talk with us about your painting we will gladly explain why Fall painting is best.

We also recommend the use of Low Brothers High Standard Paint on your buildings. We know it will give you lasting satisfaction.

Let us show you the HIGH STANDARD color panels.

J. DAVIS HARDWARE COMPANY

Maelstrom of Norway.

The maelstrom of Norway is a dangerous whirlpool off the coast of Norway, caused by a rushing of the currents of the ocean in a channel between two of the Lofoden islands, and intensified at times by contrary winds, to the destruction (according to the stories) often of small craft caught in the eddies of it, and sometimes of whales attempting to pass through it.

Look for Beauty.

Sometimes we are surprised when an artist makes a picture of a scene familiar to us, and we discover that instead of being commonplace and uninteresting, it is full of beauty. All of us need to be artists enough to discover that the common, everyday things are as likely to be full of beauty as those that are distant and unfamiliar.

IN SEASON

and out of season; good season and bad season; hot or cold; wet or dry; we are here to please you Lumber and building material.
